DISASTROUS HOUSTON FIRE FATAL TO THREE Veterans Memorial Building Suggested for Mexia

Identity Of Dead Is Not Yet Known

HOUSTON, Texas, Dec. 18.—Seven business firms in the heart of the business section were wiped out by an early morning fire today which started in the Capitol hotel.

Loss was estimated at \$300,000. When firemen arrived on the scene the hotel was a mass of flames. Scores of guests were forced to flee into the cold drizzling rain in night attire.

Three bodies burned beyond recognition were taken from the ruins of the Capitol hotel. Several persons were slightly hurt. Firemen are to search the debris for additional victims as soon as the fire cools.

Patrolman O. C. Friday, the first to arrive on the scene, ran through the corridor of the hotel and gave the alarm. Two women, clad only in night clothes, were carried to safety by Friday when the stairway was menaced by the flames. Shortly after the firemen got the fire under control the north wall of the hotel, blown by the wind, crumbled and crashed through two floors of the Munn Dry Goods Company adjoining. Mrs. A. F. Anderson of Lackwood, N. Y., scrambled to safety down a fire ladder, carrying her baby in her arms. A dozen or more persons jumped from the second and third story windows into life nets.

Firemen are still pouring water into the smoking debris.

A check up of the hotel register is being made in an effort to learn the identity of three bodies which were so badly burned that it cannot be determined whether they are men or women. Evidently they were trapped in the smoke filled halls and fell to their death when the floors collapsed.

The origin of the fire is not known. Jim Davis, aged night clerk, was badly burned when he narrowly escaped from the building after rescuing several women and children.

The flames spread through adjoining buildings, causing damage before the firemen could check the blaze.

GREECE MAY BE A REPUBLIC LATE THIS WEEK

ATHENS, Dec. 18.—Greece may become a republic this week. King George has been asked to leave the country by a committee representing the army and navy.

From the summer palace at Tatoi, twenty miles away, the King replied:

"I won't leave," he stated. "Whoever dares let him come here and try to remove me."

The later it was learned that Colonel Plastiras, virtual head of the military government, had accepted an arrangement whereby King George leaves Wednesday at the latest and goes to Constantinople aboard the yacht Naxos.

Former Premier Venizelos has been asked by his supporters, Eleanora Venizelos and her husband, to return to Greece and lead the movement to create a republic. King George is reported already en route out of the country.

WICHITA FALLS, Texas.—Fred P. O'Connell, pitcher, with the Chicago Cubs last season will play with the Athletics next season. Pres. O. B. Egan of the local Texas League club announced on his return from Chicago. He will be one of four players received from the Cubs in exchange for Pickens, Wheeler and Osborne.

DALLAS, Texas.—The Salvation Army's Christmas kettles are on the streets with their lids on tight and with signs announcing no contributions are needed. The army's quota was more than raised during a recent community chest drive.

WOMEN OPEN BANK FOR WOMEN.

Miss Lillian M. Westropp, of Cleveland, O., has been elected President of the new Women's Savings and Loan Company, of this city, the first bank in the world managed entirely by women. The Board of Directors includes women who are prominent in banking and legal circles.

Methodist Ladies Elect Officers For Next Year

At the regular business meeting of the month of December the ladies of the Missionary Society of the First Methodist Church of Mexia elected the officers for the ensuing year.

Officers elected are as follows: President, Mrs. A. H. Berry. Vice President, Mrs. H. B. Stevens. Recording Secretary, Mrs. Spikes. Corresponding Sec'y, Mrs. Ernest Strange.

Local Treasurer, Mrs. Gene Sinclair. Connectional Treasurer, Mrs. Ben Smith.

Alleged Auto Thieves Are Arrested Here

Constable Joe P. Felz, assisted by members of the Police and Sheriff Departments, arrested two men accused of auto thieving on the streets Monday afternoon. They are wanted in Houston for the theft of a Ford car.

Constable Felz stated that the men were with the car when arrested. They had already dismantled the car and had sold several parts of it to three persons in Mexia. The parts were all recovered, however.

The names of the men as given the officers are, Robert Pounds and Dials. The first name of the latter was not given.

They were arrested on information received by wire from the chief of detectives at Houston and were taken into custody in less than thirty minutes after the receipt of the message.

The men are being held pending the arrival of the Houston officers.

High School Opening Is Attended Largely

The large auditorium of the new high school building was packed to its capacity Monday night by people of Mexia and surrounding country to attend the "opening" and presentation of the fine new building to the people.

The people commenced to arrive at 7 p. m., and toured the large building, inspecting the various rooms and splendid equipment, all of which was pronounced to be as fine as could be found in any city anywhere. It must be seen to be fully appreciated, and if you did not attend Monday night you should take advantage of the first opportunity to do so and see just what our school board has provided in the way of building and equipment for the education of our children.

Each department is supplied with the very latest in school furniture and necessities, and in each department

Judge Who Will Try Gov. W. T. McCray.

Judge James M. Collins, of the Marion County Criminal Court, Indianapolis, Ind., will preside at the trial in January of Governor Warren T. McCray, of Indiana, on eight indictments charging embezzlement, larceny and forgery in connection with his \$3,000,000 financial collapse.

there was evidence of the splendid work being done by our high school faculty.

At 8 o'clock the program of the evening was carried out, as follows:

Song, Old Time Favorites, by the girls' glee club, under the able direction of Miss Anita Leebetter, and this club responded to an encore.

Superintendent Puckett made a few preliminary remarks and introduced Judge W. M. White, president of the school board, who gave a short history of Mexia schools and the conditions that made this new building necessary, stating that Mexia ranks with the best schools in Texas.

Mr. Ben Smith, former mayor of Mexia, in a few well chosen remarks, accepted the building for the people of this school district.

Here the girls' glee club rendered another splendid song, The Old Fashioned Garden, accompanied by dancing, and responded to another encore.

Principal R. M. Andrews told of the high school ideals and of what they hope to accomplish, and are accomplishing, with the splendid building, equipment and faculty. He stated that it was in Mexia something over twenty years ago that he first attended a public school, as a small boy, and that he took a special pride in his work here now for that reason.

The program closed with special features by the Department of Physical Education under the direction of Miss Anne Earle. This consisted of the work in this department and included "animal imitations," calisthenics, witch dance and jingle bells.

The entertainment was a big success.

J. Desenberg Submits Proposition Providing For Auditorium Also

In an interview late Monday with J. Desenberg of this city he submitted a proposition whereby a Memorial Building might be built in Mexia at a early date, in honor of the veterans of the world war.

His statement is as follows:

"I have noticed several articles recently in your valuable paper regarding the building of a Public Auditorium for Mexia where its citizens can hold public meetings affecting the best welfare of this city. There is no doubt that such an institution is a public necessity and if Mexia intends to keep stride with the other civic improvements, the building of a Public Auditorium is an immediate demand. This would have been taken care of had the Y. M. C. A. building been constructed in accordance with the original ideas of such building, but since this movement has been abandoned, some other way should be entertained by citizens of Mexia for the construction of an institution of this character which would directly benefit each and every citizen of this place.

"I have a plan which might secure this, and according to my opinion would obtain as good results in every respect as the establishment of the Y. M. C. A. building in Mexia, namely: Young Men's Christian Association would turn over the balance of the fund on hand, (after paying for the Public Library Building,) and the subscribers of the Hotel Company turn over the lots where it was heretofore contemplated building the Y. M. C. A., to the management of the American Legion of Mexia and let them build a Memorial Building to the veterans of the World War on the hotel lots, making same a three story building, re-

serving one floor for the Public Auditorium and have the balance of the building for their own use in taking over and sponsoring such community activities as would have been sponsored by the Y. M. C. A.

"It has come to my attention, as well as I am sure to that of many others, that this Post of the American Legion has already organized a Good Citizenship Bureau for the purpose of conducting an educational campaign through the public schools, of Limestone County whereby the tenets of democracy and Americanism can be taught the rising generation in line with the declaration of the principles of the American Legion. There can be no doubt of the far reaching effect of such a campaign. In addition thereto, the American Legion could easily and ably sponsor Boy Scout and Camp Fire Girl movements through the Legion and the Auxiliary and by being placed in a position so that they could properly sponsor such movements, they could unite and solidify the entire citizenship, not only of Mexia, but of the entire county, into one broad conception of the precepts and principles of true Americanism.

"The membership of the American Legion and Auxiliary is well known to all of us and is composed of many of our most sterling and worthy citizens, who, like us, are deeply interested in the success and welfare of Mexia, not only from a commercial standpoint, but a moral standpoint as well, and very likely an institution of this kind could be maintained under their auspices and achieve the greatest results more economically than any organization in existence.

"The cash on hand, and possibly the sale of the balance of the lots would really pay for a three story building, one that would be a credit to our city."

"Now, I am sure, that if we are starting this movement, if it appeals to the citizens of Mexia, let us go right ahead and build this institution and not dilly-dally along about it and let it fall through as other projects have done heretofore. I hope the good citizens of Mexia will put their shoulders to the wheel and have for us a Public Auditorium in the near future that each and all of us may be justly proud of."

HUGHES BRINGS IN ANOTHER ALEXANDER PRODUCER

The J. K. Hughes Developing Company's Alexander 3 came in Monday and is today credited with a flow of 2,100 barrels daily. This news has been received with elation here, giving the company three producers on the Alexander tract.

The J. K. Hughes Developing Company's Morrow 1 in the Currie field is also reported as having been increased until it is now making above 10,000 barrels of fluid daily. It is not all oil but the percentage is said to be gratifying.

NEW DAY CLERK AT THE MAJESTIC

R. N. Wright of Celeste has accepted a position as day clerk at the Majestic Hotel.

ABILENE, Texas.—Local Baptists have raised more than \$100,000 to apply on the endowment fund for Simmons college, following a campaign launched Sunday. Included in the donations were five gifts of \$10,000 each. A drive will be made to raise a total of \$200,000 by January 1 to match a gift of \$100,000 given by the general education board of New York.

DEFENSE RESTS IN TRIAL OF KLANSMAN EDITOR

ATLANTA, Ga., Dec. 18.—Phil E. Fox followed directions of a "voice" in killing Coburn, J. C. King, editor, testified at the trial. "The voice of God," Fox believed directed the purchase of the weapons and other preliminaries of the slaying, the witness said on cross examination. After testifying that if the killing was done with a motive Fox would not be acting as a crazy man, King said, Fox was obediently following the commands of a "voice." Witness told of examinations for insanity made on Fox, and said his conclusion was that man paranoid based on physical tests which showed pulse 104 and abnormal reflexes which could not be "faked." The defense rested the case. The prosecution in rebuttal are expected to develop a number of sensational angles hinted at previously.

HOTEL OWNER IN OKLAHOMA IS SHOT IN AN AFFRAY

DUNCAN, Ok., Dec. 18.—Albert Berch, 45, hotel owner and dead and Robert Jernigan, negro porter is in a critical condition at Marlow near here today as the result of a shooting affray during the night. The affray was said to have started when a mob attempted to force Berch to discharge the negro in conformance with an order served a few days ago. Jernigan was in the hotel at the time of the shooting. Accusation of improper conduct in public with negro waitresses were made against Jernigan several days ago and Berch was asked to release him. Jernigan denied the charges.

WAXAHACHIE, Texas.—R. E. Sparkman, Italy, has announced he will be a candidate for state commissioner of agriculture and will make public his platform in a few days. Sparkman, a farmer, has served on term in the state legislature.

Baseball Men To Consider Future Of League

By HECK
Another meeting of the moguls of the T. A. league has come and went and still the burning question of who will be the next president is unanswered but everything will be settled in Mexia, Friday 21, when the said moguls will congregate and go to the mat

with all questions that come up for action—and there is plenty of them. The first and main question is the election of a new president or re-electing W. R. Davidson to that important chair and my hunch is that there will be a new man elected although I have no "inside" information on the subject other than that two club owners are going to nominate a candidate each for the office but I can't tell you who the club owners are or who they will nominate even though I know but I can say that both club owners will be disappointed as neither of the two candidates have the least chance of being elected. There has been whispers of Joe Gardner or Donk Roberts, both of Dallas and the latter now president of the Texas League, but I believe that "whispering" is as far as either will ever get as Roberts is too busy keeping Texas League politics smoothed over and Joe Gardner is far more popular at his swimming pool than he is in baseball—and that lets him out. A. B. Johnson of Marlin may be the dark horse in spite of the fact that he don't want the job—in fact no one seems to want the job but Joe Gardner and I can't figure out why he wants it—guess there is a nigger in the woodpile somewhere or something. Anyhow the meeting will be a hum-dinger and regardless of who is elected to the president's chair I'll bet a hunk of Star Navy that he can't find

as many rotten umpires in one bunch as we suffered with last season which I fully believe was the prize collection in captivity. I am not blaming president Davidson for finding them—he took someone else's word for their capabilities—but I sure think he held on to some of them longer than he should have—how about it, Eubanks, don't you think so?

Sherman was officially dropped at the meeting of the 18th and everybody was tickled as the northern village was to the T. A. league what a running sore is to a mules back and Max Gibbs should be happy now that he went all the way to Chicago to have the pennant awarded to Sherman by the National Association and he is welcome to all the glory that goes with it—and that is all he got. Let's hope Temple has a representative at Friday's meeting so we can get the sixth city in the loop and get down to work with the schedule and other business. Temple wants in and can get in so what holds them back I don't figure. Right now everybody is all het up over the Waco-Abilene football game for the state championship and Abilene seems to be the favorite among Mexia sports but my hunch is that the Tigers from the banks of the Brazos will again be crowned champs and I am pulling for them to win—however, Abilene has a good team so don't none of you bet on Waco just because I am.

HEATH-KIRKHAM

A most impressive wedding was quietly solemnized at high noon Sunday, Dec. 16, 1923, when Mary Grace, the beautiful daughter of Mr. and Mrs. A. M. Kirkham became the bride of F. Darnell Heath of Dallas.

Rev. C. E. Wilkins, also of Dallas and brother-in-law of the bride, officiating.

After Mrs. W. P. Boling sang, "I Love You Truly," she softly played Lohengrin Bridal March. Preceded by little Doris Boling, bearing the ring, the bride and groom entered and took their places before the improvised altar which had an embankment of cut flowers and made a beautiful setting for the solemnity of the ceremony.

The bride's bouquet was of white chrysanthemums with a shower of bridal wreath and ferns.

Mrs. Heath was a former student of Baylor University and at present is a student of S. M. U. where she expects to complete her course of study.

Mr. Heath being a young business man of Dallas with bright prospects before him. Their friendship leading back to high school days.

At home to friends 4617 Ash Lane after Dec. 20, 1923.

Both having friends in Mexia who wish them every happiness.

EPISCOPALIANS CONSIDER THE FUTURE OF CHURCH

NEW YORK, Dec. 17.—The fight to liberalize the Episcopal church will go before the general convention of the church, which is its supreme court, it was indicated here today.

Week-end developments in the dogmatic quarrel, which has been brewing for months, included:

1. Liberal Episcopal members announced they have raised \$1,000 to defend the case of the Rev. Lee W. Heaton, Fort Worth, Texas, who faces trial for heresy for denying the virgin birth of Christ.
2. The Rev. Dr. Leighton Parks, in his sermon in St. Bartholomew's Church, defended the Texas minister and challenged Bishop William T. Manning of the Episcopal diocese of New York to reply.
3. Dr. William Norman Guthrie, summoned before Bishop Manning last week because he allowed bare-legged girls to interpret religious ceremonies with dances, vigorously defended liberal conduct of his church and announced his intention to continue his

program interpreting religion through the arts.

There was every indication that the liberal elements in the church have started a concerted drive to force recognition of their right to cast off conformity, conducting their services as they may see fit in the light of individual belief.

The sermon by Dr. Parks was the outstanding development as far as local churchmen were concerned. The aged rector—he is 73—stripped his priestly vestments entering his pulpit in the gown of the doctor of theology and proclaimed his freedom in a voice that at times broke with emotion.

Dr. Parks was particularly bitter because the high church authorities elected the Rev. Heaton, "an obscure Texas rector," for trial by an ecclesiastical court.

Why, he asked, did they not choose some churchman like Bishop Lawrence of Massachusetts?

If Bishop Lawrence had been chosen, Dr. Parks said, the church would have been "split to its foundation."

Counsel will be engaged for the Texas rector and if he loses his case in the ecclesiastical court it will be carried up to the general convention—the court of last resort.

The charges of heresy against the Rev. Heaton was brought by Bishop Moore of Dallas.

In Big Deal To
Go Before Jury

CHICAGO, Dec. 17.—Victims of Leo Karetz's astounding oil swindle which is now believed to have netted him \$10,000,000 were to appear before a grand jury here today. They are expected to tell many important details of the gigantic fraud.

At the same time Mrs. Karetz will testify in a bankruptcy hearing which is expected to indicate the extent of the swindle.

The wife of the "second Ponzie," it is believed, knows little of her husband's business operations, however.

When the "oil bubble" first exploded, Mrs. Karetz was living with her children in an expensive suburban home, surrounded by many luxuries, all gifts of her husband, whom she believed was a millionaire "broker."

Karetz, it is said, spent little time at his home. While investigation of the swindle was in progress here, others were attempting to trail the missing Karetz on his flight. According to the latest evidence he was last seen in New York on Dec. 5. At that time, according to investigators, Karetz complained to friends that he was "sick and tired."

"I have been having trouble," Karetz is said to have declared, "and I'm sick and tired of the worries connected with this oil business. I'm going away for a long, long time and you may never see me again."

"My physician gives me only six months to live."

The "woman angle" in Karetz's affairs, first injected into the investigation when it was found he had been living in another part of Chicago for four years as "Al Thompson," a man a woman known as "Mrs. Brown" became more complex today. It is reported working under the name of Mrs. Robert E. Gray, said to have covered a fourth of his profits from coast to coast.

Mrs. J. P. Gray, it is said, in the alley about that time and said the holiday season had suffered with Andrew, since he had in the home of Mrs. M. and Mrs. J. P. Gray.

ON THE WAY DOWN TOWN

By SLYBOOTS

I was afraid to come to town down "Main Street" this morning, since I learned that one or two people here got sore at The News Sunday for carrying the article on the front page that referred to the action of the Mexia Rotary in conferring the honor of "President Emeritus" of the club on Colonel Albert E. Humphreys, its first president, and regarding the banquet he tendered a few Mexia Rotarians and their friends in Dallas recently. Some of those doing the criticizing, too, were brother Rotarians with Brother Humphreys, saying that the bunch at the News was a crowd of hero worshippers. It occurred to me when I heard about it that the critics had inverted the Rotary slogan and had the idea that Rotary means "Self Above Service" and not as it says, "Service Above Self."

So I came down the alleys and wondered whether it was really true that these downtown would some day be paved, like The News has been saying they would since November 1921.

I ran into Tevis Morrow and told him to get out of my way, please, as I was in a hurry to get Dr. Hamm, as my wife and our six children were suffering with the measles and I wanted medical attention for them right at once. Tevis told me that he has evolved a wonderful scheme for phonograph records. I asked him, what he had in mind. He said that the discs should be made by taking physicians' directions. Thus, says he, instead of calling a doctor when you're sick, put on the measles record and follow orders.

About that time, I met Mr. Schulz and thanked him for the splendid article appearing in the home daily Monday in which he asked the question as to whether or not isolation does isolate. I asked him if he thought taxes taxed, and he said they did. I told him that I approved Mr. Mellon for asking our Congress and Luther Johnson to take from us our tax provisions on the supposition that the average man in Mexia does not live long enough to get enough money to make the payment. Val Horn met us

in the alley about that time and said the holiday season had suffered with Andrew, since he had in the home of Mrs. M. and Mrs. J. P. Gray.

body the time they need to make their payments. Fred Karner had joined the crowd by then, siding with Val and adding that our history is replete with stories describing events which were the result of taxation without representation, like the Boston Tea Party and Bunker Hill. He said the bill was still at Boston. Owen F. Watkins was by this time on his way to the American Legion luncheon or for a cup of coffee, but he took time to throw in the information that "The Bunk has moved on to Washington."

I knew I had no business being caught in the alley with that bunch, so I adjourned.

WOMAN BASKETBALL TEAM

EASTLAND, Texas, Dec. 18.—Eastland is to have a woman's basketball team.

A number of women who formerly lived in the North, where the game is played extensively by women, have banded together and organized a team. They will pattern their uniforms after those of the New York Yankees, and have written the management of the Yanks, asking for information on the color of the suits the world's champion baseball players wore, etc.

Mrs. Guy Smith and children have been suffering from measles but are now recovering rapidly.

Because we don't see much
Of them.

They've run,
And now the free baroque
Is done.

CHAMBER OF COMMERCE OFFERS AID TO AUTOMOBILE OWNERS IN APPLICATIONS FOR LICENSE

As a matter of public service the office of the Chamber of Commerce has provided itself with an Automobile license rate book and blank applications for license and will be glad during the Christmas Holidays to assist automobile owners in making out their applications for license under the new system.

The office hours for this service will be from 8 a. m. to noon and from 1 p. m. to 5 p. m.

The new applications for license differ somewhat from those forms formerly used, but are not complicated. However, it is essential that full information be sent in the application.

The following information is indispensable in making out a complete application:

If the car has been previously registered in Texas, give license and plate number used during 1923.

The name, model and year made.

The horse power according to insurance rating previously used.

The engine number.

Factory serial number.

Seating capacity.

Person or firm from whom the car was purchased.

The tax collector's office states that where this information is not complete it is useless for the party to send application to him, and if the information is not given completely, it will

be returned and the party will have to do it all over. In order to avoid duplication of effort and the necessity of doing things over, automobile owners should have complete information when they come to the Chamber of Commerce office in the City Hall building, to have their applications filled out.

Former Russian Soldier Now An American Citizen

GALVESTON, Texas, Dec. 18.—Behind the simple announcement that Herman Cictor Friede, civil engineer, had been granted American citizenship papers, lay a tale of the World War's desolation in Russia.

Petrograd knew Friede as the son of Baron Friede, member of one of the oldest families in Russia. During the war he won three distinguished service medals for heroic conduct as a Captain of Cossacks.

With the advent of the Bolshevik regime, possessions of the Friede family were swept away and Captain Friede luckily escaped with his life.

AMERICAN AND PACIFIC LEAGUE ASSOCIATIONS BEING WATCHED

By HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, Dec. 17.—Blocked on all sides by a demand for everything or nothing, the major league managers in need of improvements for the 1936 pennant races, will turn to the American Association and the Pacific Coast League.

These two powers of the Class AA leagues have made some concessions to the majors on the draft and they are now in position where they can accept players from the big time owners.

The Giants and Yanks couldn't get any place in their attempts to trade with major league clubs because their rival clubs felt in no humor to add more strength to the two clubs that have enough power now.

With plenty of young players to offer in trade, the two champion New York teams should be able to land most of the choice players of the two big minor organizations.

The Yanks already are negotiating with the Louisville American Association club for Dean and Combs and it is understood a deal will be brought up again with the Vernon, Pacific Coast League team for Jake May, southpaw pitcher, who has been in demand.

The Yanks have plenty of youngsters to pass out and Miller Huggins said that he would trade any of them with the exception of Gehrig, the former Columbia first-baseman, and Pip Gravas, a young pitcher.

John McGraw is returning this week from a vacation in Europe and when he gets back to his desk he will get busy on several propositions that the Giants worked up during his absence.

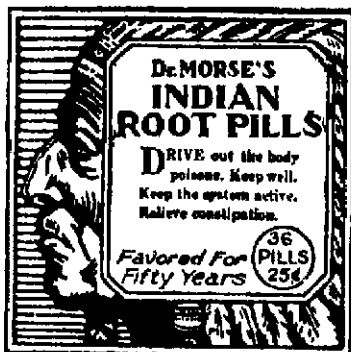

If the International League had gone along with its two class AA mates in accepting the compromise on the draft, the Giants would go after Boley and Groves of the Baltimore club but McGraw has insisted that he

will not pay the cash that Jack Dunn demands for the two stars.

When the Giants announced that they had turned down several offers of \$30,000 and more for Bill Terry, with the Toledo club last year, the belief was strengthened here that McGraw has disposed of George Kelly, the tall first-baseman, or that he is figuring on him for a trade. It is rumored that Kelly will be one of the players that may go to the Cincinnati Reds in a deal for Eddie Roush or the Cards for Rogers Hornsby.

Ladies! Darken Your Gray Hair

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

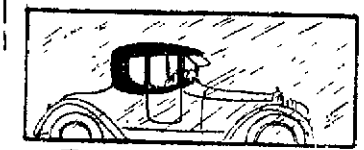

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be de-

petted upon to restore natural color and beauty to the hair.

A well known down town druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.—(Adv.)

Mexico City Shows No Signs Of The Revolution --- Yet!

DALLAS, Texas, Dec. 18.—An interesting account of conditions in Mexico City and the country through which she passed on the way to the United States was given by Miss Gladys Mintz, daughter of Mrs. S. A. Mintz, of Dallas, on her arrival here. Miss Mintz returned to Dallas last week with the first trainload of foreigners from the Mexican capital since the revolution began.

"There is little sign of a revolution in Mexico City and Americans who are staying there will suffer very little danger if they stay in their restricted zone placed by the American consul," said Miss Mintz. "These are the American hotels, drug stores, cafes, and main streets," she added.

"Foodstuffs are going up slightly and restrictions were being placed on sugar when I left. The American consul advised all Americans who were not on urgent business to leave as it was possible that within the next few days the last avenue of escape might be severed if the rebels destroyed the Mexican National Railway at San Luis Potosi. The only route out of Mexico City now is by way of Laredo," she said.

Miss Mintz said they had no trouble on the trip except that the train was searched by soldiers and governmental representatives. At one time, she said, the train was boarded by soldiers who got off at Monterey but passengers were not bothered.

Miss Mintz has been appearing in a dancing act on the program at the St. Regis Hotel, American tourists' headquarters in Mexico City, for the past two months. She has received much praise from the capital city news papers and expressed a desire to return when things become quiet again.

SHERIFF'S SALE
State of Texas, County of Limestone. Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Dallas County, of the 14th day of Dec. 1923, by The District Clerk of said Dallas County, for the sum of \$1800.00 Dollars and costs of suit, under a Foreclosure and Deed of Trust Lien,

FORMS PREPARED FOR TAX RETURNS

INCOME TAX REPORTS FOR 1923 MUST BE MADE BETWEEN JAN. 1 AND MARCH 25.

The following statement is issued by James W. Bars, collector of internal revenue, Austin, of the First district of Texas:

Assured by the bureau of internal revenue of prompt service in furnishing the necessary forms, taxpayers need experience no delay in the filing of their income tax returns for the year 1923. The filing period is from January 1 to March 15, 1924. On January 2—the first being a holiday—forms for filing individual corporation partnership, personal-service corporation, information, fiduciary, and other returns required by the revenue act will be available at the office of collector of internal revenue, Austin, and following branch offices: Waco, Houston, San Antonio and El Paso. After January 2, a copy of the form desired may be obtained on written request.

Form 1010A, heretofore used for filing returns of individual net income of \$5000 and less, from whatever source derived, has been revised and simplified in the interests of the largest class of taxpayers, salaried persons and wage earners. The new form will be used for reporting net incomes for the year 1923 of \$5000 and less derived chiefly from salaries and wages. Reducing to a minimum the problem of correctly making out an income tax return, Form 1010A consists of a single sheet in which space is provided for answers to only three questions in relation to income: salaries, wages, commissions, etc., interest on bank deposits, notes, mortgages and corporation bonds, and "other income."

On the reverse side are instructions. Formerly Form 1010A has consisted of six pages, the questions pertaining not only to salaries and wages, but to income from business, professions, sales of real estate, and other sources. It is estimated that for the year 1923 more than 4,000,000 persons, or 70 per cent of those who annually are required to file income tax returns will use the new form.

Persons, any part of whose income for the year 1923 was derived from business or profession, farming, sale of property or rents regardless of the amount, will be required to use the larger form, 1010. The use of form 1010 will be required also in cases where the net income was in excess of \$5000, whether from salary, business, profession, or other taxable sources. Formerly Form 1010 was used only for reporting individual net income of more than \$5000.

Forms for filing individual returns of income will be sent to persons who filed similar returns for the year 1922. It being impossible to determine this year the form desired by the taxpayer—whether he be a man whose income was derived chiefly from salary or wages or from business, profession or other taxable sources—the taxpayer will receive both forms and is advised to note carefully the instructions regarding their use.

HOME DRESSMAKING

By JEANNE BOLAND (Copyright 1923 by Pen-Art Service, Inc.)

In the Height of Fashion from the collar to lace jabot which is caught under the girdle at the waist.

Tucks as a Trimming Very Fashionable

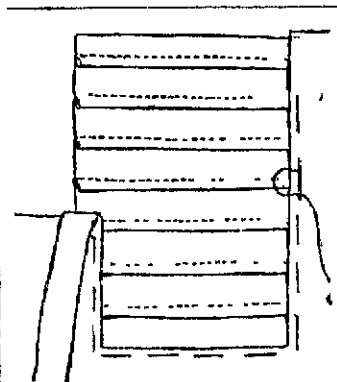

The fancy for trimmings that feature tucks gained momentum recently and Paris often features this bit of handwork of the most exclusive of her models.

Here is a frock that will please every woman who loves smart simplicity. It is fashioned in flat crepe of dark blue color. The collar is of aquiline but bald or silk may be substituted, if desired. Hanging

Tucks are used very cleverly in the ornamentation of the blouse of this dress. They are very small and each one is put in by hand. The effective way to do this, however, is to take a strip of material wide enough for the two tucked sections and tuck it all in one, after which it can be cut in half.

The diagram shows the tucks already made. They are placed about 1/2 inch apart and are about 1/4 of an inch wide. The tucked strip is then basted under each side of the front of the blouse after which the over material is cut away. Make the incision about two inches wide. Turn under the edges at the sides and at upper and lower edges. Baste over the tucks as shown in the figure, then stitch down either by hand or machine.

If preferred the tucked sections can be of contrasting material. When the dress is made of flat crepe, for instance, the tucked inserts could be of satin. This dress is especially apt in black or brown velveteen.

Strips of self-material tucked for inserts on blouse.

with the tucked trimmings in satin of the same color. With brown or dark blue the lace jabot should be of a rich cream color. White is most fashionable for a black, however.

30 Republicans Leaders Stick To Cummins

WASHINGTON, Dec. 18.—A confidential canvass of the Senate today showed that more than thirty Republicans are agreed to stick by Senator Cummins for the chairmanship of the Interstate Commerce Committee—even if it forces the election of a Democrat.

Three and possibly four more votes were swung over to the new Progressive candidate, Senator Couzens, Michigan, in overnight conferences.

In connection with this renewed strength, the Progressives have planned to attempt again in the balloting today to thrust Couzens through.

But the canvass of votes indicated that Couzens is facing an impossible task because thirty administration Senators are determined to

stick by the seniority rule and the action of their party caucus in nominating Cummins.

All parties now express the belief that there can be but one result—the election of a Democrat, Senator Ellison D. Smith of South Carolina.

DISASTROUS HOUSTON FIRE FATAL TO THREE

Veterans Memorial Building Suggested for Mexia

Identity Of Dead Is Not Yet Known

HOUSTON, Texas, Dec. 18.—Seven business firms in the heart of the business section were wiped out by an early morning fire today which started in the Capitol hotel.

Loss was estimated at \$300,000. When firemen arrived on the scene the hotel was a mass of flames. Scores of guests were forced to flee into the cold drizzling rain in night attire.

Three bodies burned beyond recognition were taken from the ruins of the Capitol hotel. Several persons were slightly hurt. Firemen are to search the debris for additional victims as soon as the fire cools.

Patrolman O. C. Friday, the first to arrive on the scene, ran through the corridor of the hotel and gave the alarm. Two women, clad only in night clothes, were carried to safety by Friday when the stairway was menaced by the flames. Shortly after the firemen got the fire under control the north wall of the hotel, blown by the wind, crumbled and crashed through two floors of the Munn Dry Goods Company adjoining.

Mrs. A. F. Anderson of Lackwood, N. Y., scrambled to safety down a fire ladder, carrying her baby in her arms. A dozen or more persons jumped from the second and third story windows into life nets.

Firemen are still pouring water into the smoking debris. A check up of the hotel register is being made in an effort to learn the identity of three bodies which were so badly burned that it cannot be determined whether they are men or women. Evidently they were trapped in the smoke filled halls and fell to their death when the floors collapsed.

The origin of the fire is not known. Jim Davis, aged night clerk, was badly burned when he narrowly escaped from the building after rescuing several women and children.

The flames spread through adjoining buildings, causing damage before the firemen could check the blaze.

GREECE MAY BE A REPUBLIC LATE THIS WEEK

ATHENS, Dec. 18.—Greece may become a republic this week. King George has been asked to leave the country by a committee representing the army and navy.

From the summer palace at Tatoi, twenty miles away, the King defied them. "I won't leave," he stated. "Whoever dares, let him come here and try to remove me."

But later it was learned that Colonel Plastiras, virtual head of the military government, had accepted an arrangement whereby King George leaves Wednesday at the latest and goes to Constantinople aboard the yacht Narcissus.

Former Premier Venizelos has been sent for by his supporters. Election victories for Venizelos and republicans brought on the movement to create a republic. King George is reported already enroute out of the country.

Alleged Auto Thieves Are Arrested Here

Constable Joe P. Felz, assisted by members of the Police and Sheriff Departments, arrested two men accused of auto thieving on the streets Monday afternoon. They are wanted in Houston for the theft of a Ford car.

Constable Felz stated that the men were with the car when arrested. They had already dismantled the car and had sold several parts of it to three persons in Mexia. The parts were all recovered, however.

The names of the men as given the officers are, Robert Pounds and Dials. The first name of the latter was not given.

They were arrested on information received by wire from the chief of detectives at Houston and were taken into custody in less than thirty minutes after the receipt of the message.

The men are being held pending the arrival of the Houston officers.

High School Opening Is Attended Largely

The large auditorium of the new high school building was packed to its capacity Monday night by people of Mexia and surrounding country to attend the "opening" and presentation of the fine new building to the people.

The people commenced to arrive at 7 p. m., and toured the large building, inspecting the various rooms and splendid equipment, all of which was pronounced to be as fine as could be found in any city anywhere. It must be seen to be fully appreciated, and if you did not attend Monday night you should take advantage of the first opportunity to do so and see just what our school board has provided in the way of building and equipment for the education of our children.

Each department is supplied with the very latest in school furniture and necessities, and in each department

Judge Who Will Try Gov. W. T. McCray.

there was evidence of the splendid work being done by our high school faculty.

At 8 o'clock the program of the evening was carried out, as follows:

Song, Old Time Favorites, by the girls' glee club, under the able direction of Miss Anita Lehtetter, and this club responded to an encore.

Superintendent Puckett made a few preliminary remarks and introduced Judge W. M. White, president of the school board, who gave a short history of Mexia schools and the conditions that made this new building necessary, stating that Mexia ranks with the best schools in Texas.

Mr. Ben Smith, former mayor of Mexia, in a few well chosen remarks, accepted the building for the people of this school district.

Here the girls' glee club rendered another splendid song, The Old Fashioned Garden, accompanied by dancing, and responded to another encore.

Principal R. M. Andrews told of the high school ideals and of what they hope to accomplish, and are accomplishing, with the splendid building, equipment and faculty. He stated that it was in Mexia something over twenty years ago that he first attended a public school, as a small boy, and that he took a special pride in his work here now for that reason.

The program closed with special features by the Department of Physical Education under the direction of Miss Anne Earle. This consisted of the work in this department and included "animal imitations," calisthenics, witch dance and jingle bells.

J. Desenberg Submits Proposition Providing For Auditorium Also

In an interview late Monday with J. Desenberg of this city he submitted a proposition whereby a Memorial Building might be built in Mexia at an early date, in honor of the veterans of the world war.

His statement is as follows: "I have noticed several articles recently in your valuable paper regarding the building of a Public Auditorium for Mexia where its citizens can hold public meetings affecting the best welfare of this city. There is no doubt that such an institution is a public necessity and if Mexia intends to keep stride with the other civic improvements, the building of a Public Auditorium is an immediate demand. This would have been taken care of had the Y. M. C. A. building been constructed in accordance with the original ideas of such building, but since this movement has been abandoned, some other way should be entertained by citizens of Mexia for the construction of an institution of this character which would directly benefit each and every citizen of this place."

"I have a plan which might secure this, and according to my opinion would obtain as good results in every respect as the establishment of the Y. M. C. A. building in Mexia, namely, suppose the subscribers to the defunct Young Men's Christian Association would turn over the balance of the fund on hand, (after paying for the Public Library Building,) and the subscribers of the Hotel Company turn over the lots where it was heretofore contemplated building the Y. M. C. A. to the management of the American Legion of Mexia and let them build a Memorial Building to the veterans of the World War on the hotel lots, making same a three story building, re-

serving one floor for the Public Auditorium and have the balance of the building for their own use in taking over and sponsoring such community activities as would have been sponsored by the Y. M. C. A.

"It has come to my attention, as well as, I am sure, to that of many others, that this People of the American Legion has already organized a Good Citizenship Bureau for the purpose of conducting an educational campaign through the public schools, of Limestone County whereby the tenets of democracy and Americanism can be taught the rising generation in line with the declaration of the principles of the American Legion. There can be no doubt of the far reaching effect of such a campaign. In addition thereto, the American Legion could easily and ably sponsor Boy Scout and Camp Fire Girl movements through the Legion and the Auxiliary and by being placed in a position so that they could properly sponsor such movements, they could unite and solidify the entire citizenship, not only of Mexia, but of the entire county, into one broad conception of the precepts and principles of true Americanism."

"The membership of the American Legion and Auxiliary is well known to all of us and is composed of many of our most sterling and worthy citizens, who, like us, are deeply interested in the success and welfare of Mexia, not only from a commercial standpoint, but a moral standpoint as well, and very likely an institution of this kind could be maintained under their auspices and achieve the greatest results more economically than any organization in existence."

"The cash on hand, and possibly the sale of the balance of the lots would really pay for a three story building, one that would be a credit to our city."

"Now, J. Desenberg, in starting this movement, if it appeals to the citizens of Mexia, let us go right ahead and build this institution and not dilly-dally about it and let it fall through as other projects have done heretofore. I hope the good citizens of Mexia will put their shoulders to the wheel and have for us a Public Auditorium in the near future that each and all of us may be justly proud of."

The large audience that repaired to the Cafeteria where refreshments consisting of hot chocolate and sandwiches were served in a systematic manner, showing the efficiency of this department.

The entertainment was a big success.

HUGHES BRINGS IN ANOTHER ALEXANDER PRODUCER

The J. K. Hughes Developing Company's Alexander 3 came in Monday and is today credited with a flow of 2,100 barrels daily. This news has been received with elation here, giving the company three producers on the Alexander tract.

The J. K. Hughes Developing Company's Morrow 1 in the Currie field is also reported as having been increased until it is now making above 10,000 barrels of fluid daily. It is not all oil, but the percentage is said to be gratifying.

NEW DAY CLERK AT THE MAJESTIC

R. N. Wright of Celeste has accepted a position as day clerk at the Majestic Hotel.

ABILENE, Texas.—Local Baptists have raised more than \$100,000 to apply on the endowment fund for Simmons college, following a campaign launched Sunday. Included in the donations were five gifts of \$10,000 each. A drive will be made to raise a total of \$200,000 by January 1 to match a gift of \$100,000 given by the general education board of New York.

Steve Womack is home from school in Dallas to spend the holidays.

T. A. LEAGUERS WILL MEET HERE FRIDAY

DEFENSE RESTS IN TRIAL OF KLANSMAN EDITOR

ATLANTA, Ga., Dec. 18.—Phil E. Fox followed directions of a "voice" in killing Coburn, J. C. King, alienist, testified at the trial. "The voice of God," Fox believed directed the purchase of the weapons and other preliminaries of the slaying, the witness said on cross examination. After testifying that if the killing was done with a motive Fox would not be acting as a crazy man, King said, Fox was obediently following the commands of a "voice."

Witness told of examinations for insanity made on Fox, and said his conclusion was that man paranoid based on physical tests which showed pulse 104 and abnormal reflexes which could not be "faked."

The defense rested the case. The prosecution in rebuttal are expected to develop a number of sensational angles hinted at previously.

HOTEL OWNER IN OKLAHOMA IS SHOT IN AN AFFRAY

DUNCAN, Ok., Dec. 18.—Albert Berch, 45, hotel owner is dead and Robert Jernigan, negro porter is in a critical condition at Marlow near here today as the result of a shooting affray during the night.

The affray was said to have started when a mob attempted to force Berch to discharge the negro in conformance with an order served a few days ago. Jernigan was in the hotel at the time of the shooting.

Accusation of improper conduct in public with negro waitresses were made against Jernigan several days ago and Berch was asked to release him. Jernigan denied the charges.

WAXAHACHIE, Texas.—R. E. Sparkman, Italy, has announced he will be a candidate for state commissioner of agriculture and will make public his platform in a few days. Sparkman, a farmer, has served on term in the state legislature.

Baseball Men To Consider Future Of League

By HECK

Another meeting of the moguls of the T. A. league has come and went and still the burning question of who will be the next president is unanswered but everything will be settled in Mexia, Friday 21, when the said moguls will congregate and go to the mat

with all questions that come up for action—and there is plenty of them. The first and main question is the election of a new president or re-electing W. R. Davidson to that important chair and my hunch is that there will be a new man elected although I have no "inside" information on the subject other than that two club owners are going to nominate a candidate each for the office but I can't tell you who the club owners are or who they will nominate even though I know but I can say that both club owners will be disappointed as neither of the two candidates have the least chance of being elected. There has been whispers of Joe Gardner or Deak Roberts, both of Dallas and the latter now president of the Texas League, but I believe that "whispering" is as far as either will ever get as Roberts is too busy keeping Texas League politics smooth over and Joe Gardner is far more popular at his swimming pool than he is in baseball—and that lets him out. A. B. Johnson of Marlin may be the dark horse in spite of the fact that he don't want the job—in fact no one seems to want the job but Joe Gardner and I can't figure out why he wants it—guess there is a nigger in the woodpile somewhere or something. Anyhow the meeting will be a humdinger and regardless of who is elected to the president's chair I'll bet a hunk of Star Navy that he can't find

as many rotten umpires in one bunch as we suffered with last season which I fully believe was the prize collection in captivity. I am not blaming president Davidson for finding them—he took someone else's word for their capabilities—but I sure think he held on to some of them longer than he should have—how about it, Eubanks, don't you think so?

Sherman was officially dropped at the meeting of the 16th and everybody was tickled as the northern village was to the T. A. league what a running sore is to a mules back and Max Gibbs should be happy now that he went all the way to Chicago to have the pennant awarded to Sherman by the National Association and he is welcome to all the glory that goes with it—and that is all he got. Let's hope Temple has a representative at Friday's meeting so we can get the sixth city in the loop and get down to work with the schedule and other business. Temple wants in and can get in so what holds them back I don't figure. Right now everybody is all het up over the Waco-Abilene football game for the state championship and Abilene seems to be the favorite among Mexia sports but my hunch is that the Tigers from the banks of the Brazos will again be crowned champs and I am pulling for them to win—however, Abilene has a good team so don't none of you bet on Waco just because I am.

KEEPING FRIENDSHIPS

In an article in the American Magazine, Holworthy Hall asks this question: "Are you keeping your friendships in good repair?"

Speaking of the value of courtesy he says in part: "There are a few people who imagine that to be courteous is to be servile. They are so jealous of their dignity that they are morally cross-eyed. They don't realize that true courtesy is the trade mark of true pride and self-respect."

"Napoleon Bonaparte was no worm; but it was Napoleon, as emperor, who made way for a woman carrying a bundle of laundry and reproached his aids with the sharp command: 'Respect the burden!'—which has always struck me as the finest expression of true courtesy in any living language."

True courtesy does not consist in following a system of set rules of conduct, but it does consist in giving full value for what is received. It may be evidenced in the relation of one person to another or in the relation of a person to society. But in any case it is the result of a respectful attitude and not of a desire to create a favorable impression.

The man who carelessly flings a banana peel upon a public walk, though he may bow and scrape with the best of grace in the presence of a lady, is not intrinsically courteous. He is a fake, a swindler. He is that simply because he does not respect the personal safety of others who may wish to use that walk. He is not giving full value for what he receives.

NEED FOR CITY AUDITORIUM

The need for a city auditorium in Mexia becomes more apparent with the passing of the months. With a program of possibilities before them, Mexia people will accomplish little unless they have a town meeting place and town meetings where a proposition is offered, in order that we may return to the good old fashioned way of meeting together and doing things. We need a city auditorium to put the city auditorium idea over, in the shortest possible time.

"M-E-X-I-A", however, is getting some good publicity out of the revolutions in the border nation. It is generally thought that this place is near the Rio Grande and is pronounced like Mexico only different.

Mexia ought to have that cotton mill, then another, then another, then another and so on. Let's get that City auditorium and then make this get more factories, and longer bucket lines.

Cotton mills and factories create a demand for agricultural products. They'll help the farmer.

GUEST OF THE HEART

By Ben B. Hunt.

IF EVERY MAN HAD FRIENDS
LIKE MINE.

By BEN B. HUNT

If every man had friends like mine
With vision great and soul sublime
The world indeed would better grow
And hearts with hope would throb
And flow.

My thoughts were shrouded deep in
gloom
Like things within a shaded room:
They could not far from earth ex-
plore
When kept behind this darken'd door.

A man may try with all his might
When thus restricted from the light,
But never can he great things do
Confined within this narrow view.

When thought behind those walls
was cramped,
And shadows on my soul were
stamp'd,
A friend I love then call on me
And to the door he had a key.

The door he quickly open'd wide,
And the curtains by my side;

And then my thought broke forth
in gloe,
So glad they were that they were
free.

And now his thoughts and my
thoughts, too
Are soaring out beneath the blue,
A vision wide "as time and tide"
My thoughts embrace and now con-
fide!

Could any friend more sweeter be
Than he from whom all shadows
flee?
Some folks affect us like the sun—
They cheer—as thus my friend has
done.

Or like a closed and shadow'd room
They shroud our thoughts in deep-
est gloom,

If every man had friends like mine
With vision great and soul sublime,
The world indeed would sweeter
grow
And hearts with hope would throb
and flow.

For one great gift, O Lord, I pray:
To thus inspire some soul each day!

CENTRAL TEXAS PRESS

TEXAS PRESS

PAT NEFF FOR PRESIDENT

The action of the democratic state executive committee in session in Dallas Saturday, in endorsing Governor Neff for the presidential nomination should meet with applause throughout Texas. This should be the beginning of a real sincere boom for our splendid governor for an office that he is eminently fitted to fill. It is time that the south should come in for some of the national honors, and as she now has the chance to offer a man capable, efficient, honest and worthy she should not hesitate to line up for Pat Neff and place the banner of democracy in his hands. Texas should take the lead in this important matter. Let this endorsement not be merely an empty honor, but let us make it a serious matter and put our favorite son forward with a determination to win the nomination, and then the election.

Hurrah for Pat Neff.

God rest ye, little children; let nothing you affright,
For Jesus Christ, your Savior, was born this happy night;
Along the hills of Galilee the white flocks sleeping lay,
When Christ, the child of Nazareth, was born on Christmas Day.

President Coolidge has named a negro to be head of the customs department at New Orleans. If the negro declines the proffered job he will show he is smarter than the President. —Greenville Banner.

But as a rule the "smart negroes" do not decline political jobs where there is a chance to "act smart" and endeavor to put themselves forward as leaders of their people.

We read the other day in a Detroit, Michigan, dispatch that that city has the most remarkable drove of hogs in the country. The story said there were 10,000 blind pigs in the city.—Bonham Favorite.

Detroit also engages in the manufacture of vehicles that tend largely towards making another species of "hog" not enumerated in the above, and this species, known as the "road hog" is even more prolific than "blind pigs." —Sam Miller in Mineral Wells Index.

Dear Major:
I am powerful glad to see that you are back in the harness again and that you have now revived the Mexia Weekly Herald. I am sure that the people of Mexia and the surrounding country will be glad to see you back on the job again. It has not seemed quite like Mexia to us without your name on the mailing list.

From the reports that I receive, the News will probably publish your paper and it will not be necessary for us to send you our specimen book and other advertising matter just yet.

I just want to wish you an abundant success and I know that you are capable of giving your readers a paper that they will appreciate and want and

CITIZENSHIP

—Thought for the Day

By A. GARLAND ADAIR

MINUTE MEN

Part 5 of Our Citizenship Creed as submitted by the American Bar Association to the citizens of this country is as follows:
5. I believe that we Americans have the best government that has ever been created—the freest and the most just for all the people—and that it is my duty to uphold and defend this Government at all times. I believe that just as the "Minute Man of the Revolution" was ready upon a moment's notice to defend his rights against foreign usurpation, it is my duty as a patriotic American to be a "Minute Man of the Constitution," ready at all times to defend the long-established and cherished institutions of our Government against attacks, either from within or without, and to do my part in preserving the blessings of liberty for which my Revolutionary forefathers fought and died.

In doing this the advertisers will want a liberal amount of space in your paper.

Yours truly,

Barnhart Bros. & Spindler,
D. M. Johnston.

GOVERNMENT

Governments of the right sort are the greatest human institutions of history.

If a man lived a solitary existence and had little or no cooperation with his kind, it is impossible for us to conceive just how slowly he would move. He might retrograde.

With the birth of society organized into government; with the gathering together of individuals into groups whether for the purpose of defense, aggression, conquest, sociability or sustenance, came leadership and authority and a common understanding of rights and duties.

Obedience to law and enforcement of law have ever gone hand in hand where nations have risen, flourished and become permanent institutions.

It is from such gnarled roots that humanity has developed and grown the present order in society, the blossom and fruit of which will become more beautiful, sweet and nutritious as the soil from which it draws its sustenance becomes more and more rich in wisdom, knowledge, righteousness, truth and justice.

HEATH-KIRKHAM

A most impressive wedding was
quietly solemnized at high noon Sun-
day, Dec. 16, 1923, when Mary Grace,
the beautiful daughter of Mr. and Mrs.
A. M. Kirkham became the bride of
F. Darnell Heath of Dallas.

Rev. C. E. Wilkins, also of Dallas
and brother-in-law of the bride, of-
ficiating.
After Mrs. W. P. Boling sang, "I
Love You Truly," she softly played
Lohengrin Bridal March. Preceded by
little Doris Boling, bearing the ring,
the bride and groom entered and took
their places before the improvised al-
tar which had an embankment of cut
flowers and made a beautiful setting
for the solemnity of the ceremony.

The bride's bouquet was of white
crysanthemums with a shower of
bridal wreath and ferns.

Mrs. Heath was a former student of
Baylor University and at present is a
student of S. M. U. where she ex-
pects to complete her course of study.

EPISCOPALIANS CONSIDER THE FUTURE OF CHURCH

NEW YORK, Dec. 17.—The fight to
liberalize the Episcopal church will go
before the general convention of the
church, which is its supreme court, it
was indicated here today.

Week-end developments in the
dogmatic quarrel, which has been brew-
ing for months, included:

1. Liberal Episcopal members an-
nounced they have raised \$1,000 to de-
fend the case of the Rev. Lee W. Hea-
ton, Fort Worth, Texas, who faces
trial for heresy for denying the virgin
birth of Christ.
2. The Rev. Dr. Leighton Parks,
in his sermon in St. Bartholomew's
Church, defended the Texas minister
and challenged Bishop William T. Man-
ning of the Episcopal diocese of New
York to reply.
3. Dr. William Norman Guthrie,
summoned before Bishop Manning last
week because he allowed bare-legged
girls to interpret religious ceremonies
with dances, vigorously defended lib-
eral conduct of his church and an-
nounced his intention to continue his

program interpreting religion through
the arts.

There was every indication that the
liberal elements in the church have
started a concerted drive to force
recognition of their right to cast off
conformity, conducting their services
as they may see fit in the light of
individual belief.

The sermon by Dr. Parks was the
outstanding development as far as
local churchmen were concerned. The
aged rector—he is 73—stripped his
priestly vestments entering his pulpit
in the gown of the doctor of theology
and proclaimed his freedom in a voice
that at times broke with emotion.

Dr. Parks was particularly bitter be-
cause the high church authorities elect-
ed the Rev. Heaton, "an obscure Texas
rector," for trial by an ecclesiastical
court.

Why, he asked, did they not choose
some churchman like Bishop Lawrence
of Massachusetts?

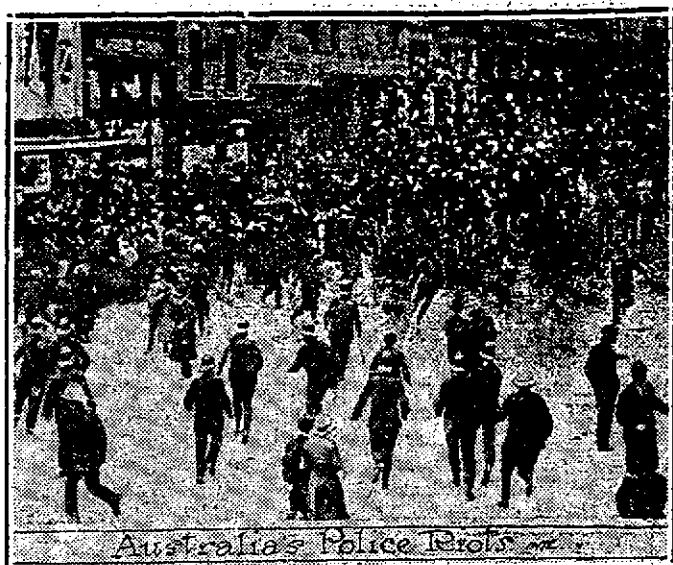

If Bishop Lawrence had been chosen,
Dr. Parks said, the church would have
been "split to its foundation."

Counsel will be engaged for the
Texas rector and if he loses his case
in the ecclesiastical court it will be
carried up to the general convention—
the court of last resort.

The charges of heresy against the
Rev. Heaton was brought by Bishop
Moore of Dallas.

Those Swindled In Big Deal To Go Before Jury

CHICAGO, Dec. 17.—Victims of Leo Koretz's astounding oil swindle which is now believed to have netted him \$10,000,000 were to appear before a grand jury here today. They are expected to tell many important details of the gigantic fraud.

At the same time Mrs. Koretz will testify in a bankruptcy hearing which is expected to indicate the extent of the swindle.

The wife of the "second Ponzie," it is believed, knows little of her husband's business operations, however.

When the "oil bubble" first exploded, Mrs. Koretz was living with her children in an expensive suburban home, surrounded by many luxuries, all gifts of her husband, whom she believed was a millionaire "broker."

Koretz, it is said, spent little time at his home. While investigation of the swindle was in progress here, others were attempting to trail the missing Koretz on his flight. According to the latest evidence he was last seen in New York on Dec. 5. At that time, according to investigators, Koretz complained to friends that he was "sick and tired."

"I have been having trouble," Koretz is said to have declared, "and I'm sick and tired of the worries connected with this oil business. I'm going away for a long, long time and you may never see me again."

"My physician gives me only six months to live."

The "woman angle" in Koretz's affairs, first injected into the investigation when it was found he had been living in another part of Chicago for four years as "Al Bronson," with a woman known as "Mrs. Bronson," became more complex today. Investigators working under State's Attorney Robert F. Crowe, said they have discovered a "path of love nests from coast to coast."

Mrs. J. B. Campbell and daughter, Martha Jane, of Tulsa, are here for the holidays which they will spend in the home of her parents, Mr. and Mrs. John P. Campbell.

J. K. Hughes is a business visitor to Dallas.

ON THE WAY DOWN TOWN

By SLYBOOTS

I was afraid to come to town down "Main Street" this morning, since I learned that one or two people here got sore at The News Sunday for carrying the article on the front page that referred to the action of the Mexia Rotary in conferring the honor of "President Emeritus" of the club on Colonel Albert E. Humphreys, its first president, and regarding the banquet he tendered a few Mexia Rotarians and their friends in Dallas recently. Some of those doing the criticizing, too, were brother Rotarians with Brother Humphreys, saying that the bunch at the News was a crowd of hero worshippers. It occurred to me when I heard about it that the critics had inverted the Rotary slogan and had the idea that Rotary means "Self Above Service" and not as it says, "Service Above Self."

So I came down the alleys, and wondered whether it was really true that these downtown would some day be paved, like The News has been saying they would since November 1921.

I ran into Tevis Morrow and told him to get out of my way, please, as I was in a hurry to get Dr. Hamm, as my wife and our six children were suffering with the measles and I wanted medical attention for them right at once. Tevis told me that he has evolved a wonderful scheme for phonograph records. I asked him, what he had in mind. He said that the discs should be made by taking physicians' directions. Thus, says he, instead of calling a doctor when you're sick, put on the measles record and follow orders.

About that time, I met Mr. Schulz and thanked him for the splendid article appearing in the home daily Monday in which he asked the question as to whether or not isolation does isolate. I asked him if he thought taxes taxed, and he said they did. I told him that I approved Mr. Mellon for asking our Congress and Luther Johnson to take from us our tax privilege on the supposition that the average man in Mexia does not live long enough to get enough money to make the payments. Val Horn met us in the alley about that time and said he differed with Andrew, since he had just read where medical science has lengthened the span of the average life during the past ten years and if they are able to extend the period to about fifty years, it will give every-

body the time they need to make their payments. Fred Kerner had joined the crowd by then, siding with Val and adding that our history is replete with stories describing events which were the result of taxation without representation, like the Boston Tea Party and Bunker Hill. He said the hill was still at Boston. Owen F. Watkins was by this time on his way to the American Legion luncheon or for a cup of coffee, but he took time to throw in the information that "The Bunk has moved on to Washington."

I knew I had no business being caught in the alley with that bunch, so I adjourned.

WOMAN BASKETBALL TEAM

EASTLAND, Texas, Dec. 18.—Eastland is to have a woman's basketball team.

A number of women who formerly lived in the North, where the game is played extensively by women, have banded together and organized a team. They will pattern their uniforms after those of the New York Yankees, and have written the management of the Yanks, asking for information on the color of the suits the world's champion baseball players wore, etc.

Mrs. Guy Smith and children have been suffering from measles but are now recovering rapidly.

CHAMBER OF COMMERCE OFFERS
AID TO AUTOMOBILE OWNERS
IN APPLICATIONS FOR LICENSE

As a matter of public service the office of the Chamber of Commerce has provided itself with an Automobile license rate book and blank applications for license and will be glad during the Christmas Holidays to assist automobile owners in making out their applications for license under the new system.

The office hours for this service will be from 8 a. m. to noon and from 1 p. m. to 5 p. m.

The new applications for license differ somewhat from those forms formerly used, but are not complicated. However, it is essential that full information be sent in the application.

The following information is indispensable in making out a complete application:

If the car has been previously registered in Texas, give license and plate number used during 1923.

The name, model and year made.

The horse power according to insurance rating previously used.

The engine number.

Factory serial number.

Seating capacity.

Person or firm from whom the car was purchased.

The tax collector's office states that where this information is not complete it is useless for the party to send application to him, and if the information is not given completely, it will

be returned and the party will have to do it all over. In order to avoid duplication of effort and the necessity of doing things over, automobile owners should have complete information when they come to the Chamber of Commerce office in the City Hall building, to have their applications filled out.

Former Russian
Soldier Now An
American Citizen

GALVESTON, Texas, Dec. 18.—Behind the simple announcement that Herman Cictor Friede, civil engineer, had been granted American citizenship papers, lay a tale of the World War's desolation in Russia.

Petrograd knew Friede as the son of Baron Friede, member of one of the oldest families in Russia. During the war he won three distinguished service medals for heroic conduct as a Captain of Cossacks.

With the advent of the Bolshevik regime, possessions of the Friede family were swept away and Captain Friede luckily escaped with his life.

AMERICAN AND PACIFIC LEAGUE ASSOCIATIONS BEING WATCHED

By HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, Dec. 17.—Blocked on all sides by a demand for everything or nothing, the major league managers in need of improvements for the 1936 pennant races, will turn to the American Association and the Pacific Coast League.

These two powers of the Class AA leagues have made some concessions to the majors on the draft and they are now in position where they can accept players from the big time owners.

The Giants and Yanks couldn't get any place in their attempts to trade with major league clubs because their rival clubs felt in no humor to add more strength to the two clubs that have enough power now.

With plenty of young players to offer in trade, the two champion New York teams should be able to land most of the choice players of the two big minor organizations.

The Yanks already are negotiating with the Louisville American Association club for Dean and Combs and it is understood a deal will be brought up again with the Vernon, Pacific Coast League team for Jakeq May, southpaw pitcher, who has been in demand.

The Yanks have plenty of youngsters to pass out and Miller Huggins said that he would trade any of them with the exception of Gehrig, the former Columbia first-baseman, and Pipgras, a young pitcher.

John McGraw is returning this week from a vacation in Europe and when he gets back to his desk he will get busy on several propositions that the Giants worked up during his absence.

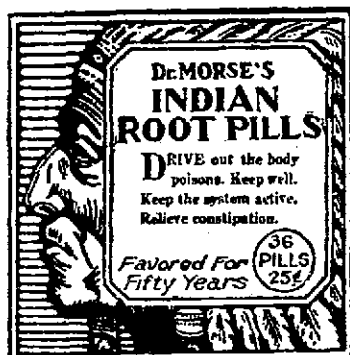

If the International League had gone along with its two class AA mates in accepting the compromise on the draft, the Giants would go after Raley and Groves of the Baltimore club but McGraw has insisted that he

will not pay the cash that Jack Dunn demands for the two stars.

When the Giants announced that they had turned down several offers of \$30,000 and more for Bill Terry, with the Toledo club last year, the belief was strengthened here that McGraw has disposed of George Kelly, the tall first-baseman, or that he is figuring on him for a trade. It is rumored that Kelly will be one of the players that may go to the Cincinnati Reds in a deal for Eddie Roush or the Cards for Rogers Hornsby.

Ladies! Darken Your Gray Hair

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

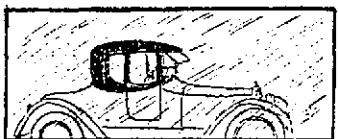

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyleth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be de-

petted upon to restore natural color and beauty to the hair.

A well known down town druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.—(Adv.)

Mexico City Shows No Signs Of The Revolution --- Yet!

DALLAS, Texas, Dec. 18.—An interesting account of conditions in Mexico City and the country through which she passed on the way to the United States was given by Miss Gladys Mintz, daughter of Mrs. S. A. Mintz, of Dallas, on her arrival here. Miss Mintz returned to Dallas last week with the first trainload of foreigners from the Mexican capital since the revolution began.

"There is little sign of a revolution in Mexico City and Americans who are staying there will suffer very little danger if they stay in their restricted zone placed by the American consul," said Miss Mintz. "These are the American hotels, drug stores, cafes, and main streets," she added.

"Foodstuffs are going up slightly and restrictions were being placed on sugar when I left. The American consul advised all Americans who were not on urgent business to leave as it was possible that within the next few days the last avenue of escape might be severed if the rebels destroyed the Mexican National Railway at San Luis Potosi. The only route out of Mexico City now is by way of Laredo," she said.

Miss Mintz said they had no trouble on the trip except that the train was searched by soldiers and governmental representatives. At one time, she said, the train was boarded by soldiers who got off at Monterey but passengers were not bothered.

Miss Mintz has been appearing in a dancing act on the program at the St. Regis Hotel, American tourists' headquarters in Mexico City, for the past two months. She has received much praise from the capital city news papers and expressed a desire to return when things become quiet again.

FORMS PREPARED FOR TAX RETURNS

INCOME TAX REPORTS FOR 1923 MUST BE MADE BETWEEN JAN. 1 AND MARCH 25.

The following statement is issued by James W. Bass, collector of internal revenue, Austin, of the First district of Texas:

Assured by the bureau of internal revenue of prompt service in furnishing the necessary forms, taxpayers need experience no delay in the filing of their income tax returns for the year 1923. The filing period is from January 1 to March 15, 1924. On January 2—the first being a holiday—forms for filing individual, corporation partnership, personal-service corporation, information, fiduciary, and other returns required by the revenue act will be available at the office of collector of internal revenue, Austin, and following branch offices: Waco, Houston, San Antonio and El Paso. After January 2, a copy of the form desired may be obtained on written request.

Form 1040A, heretofore used for filing returns of individual net income of \$5000 and less, from whatever source derived, has been revised and simplified in the interests of the largest class of taxpayers, salaried persons and wage earners. The new form will be used for reporting net incomes for the year 1923 of \$5000 and less derived chiefly from salaries and wages. Reducing to a minimum the problem of correctly making out an income tax return. Form 1040A consists of a single sheet in which space is provided for answers to only three questions in relation to income: salaries, wages, commissions, etc.; interest on bank deposits, notes, mortgages, and corporation bonds, and "other income." On the reverse side are instructions. Formerly Form 1040A has consisted of six pages, the questions pertaining not only to salaries and wages, but to income from business, professions, sales of real estate, and other sources. It is estimated that for the year 1923 more than 4,000,000 persons, or 70 per cent of those who annually are required to file income tax returns, will use the new form.

Persons, any part of whose income for the year 1923 was derived from business or profession, farming, sale of property or rents, regardless of the amount, will be required to use the larger form 1040. The use of form 1040 will be required, also, in cases where the net income was in excess of \$5000, whether from salary, business, profession, or other taxable sources. Formerly Form 1040 was used only for reporting individual net income of more than \$5000.

Forms for filing individual returns of income will be sent to persons who filed similar returns for the year 1922. It being impossible to determine this year the form desired by the taxpayer—whether he be a man whose income was derived chiefly from salary or wages or from business, profession, or other taxable sources—the taxpayer will receive both forms, and is advised to note carefully the instructions regarding their use.

HOME DRESSMAKING

By JEANNE ROLAND
(Copyright 1923 by Fox-Art Service, Inc.)

In the Height of Fashion from the collar is lace jabot which is caught under the girdle at the waist.

Tucks as a Trimming Very Fashionable

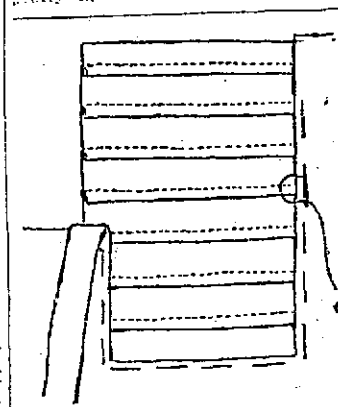

The fancy for trimmings that feature tucks gains momentum steadily, and Paris often features this bit of handwork of the most exclusive of her models.

Here is a frock that will please every woman who loves smart simplicity. It is fashioned in flat crepe of dark blue color. The collar is of squirrel, but braid or silk may be substituted, if desired. Hanging

Tucks are used very cleverly in the ornamentation of the blouse of this dress. They are very small and each one is put in by hand. The effective way to do this, however, is to take a strip of material wide enough for the two tuck sections and tuck it all in one, after which it can be cut in half.

The diagram shows the tucks already made. They are placed about ½ inch apart and are about ½ of an inch wide. The tuck strip is then basted under each side of the front of the blouse, after which the over material is cut away. Make the incision about two inches wide. Turn under the edges at the sides and at upper and lower edges. Baste over the tucks, as shown in the figure, then stitch down either by hand or machine.

If preferred, the tuck sections can be of contrasting material. When the dress is made of flat crepe, for instance, the tuck inserts could be of satin. This dress is especially pretty in black or brown velvet.

Strips of self-material tucked for inserts on blouse.

with the tucked trimmings in satin of the same color. With brown or dark blue the lace jabot should be a rich cream color. White is most fashionable for a black, however.

30 Republicans Leaders Stick To Cummins

WASHINGTON, Dec. 18.—A confidential canvass of the Senate today showed that more than thirty Republicans are agreed to stick by Senator Cummins for the chairmanship of the Interstate Commerce Committee—even if it forces the election of a Democrat.

Three and possibly four more votes were swung over to the new Progressive candidate, Senator Couzens, Michigan, in overnight conferences.

In connection with this renewed strength, the Progressives have planned to attempt again in the balloting today to thrust Couzens thru.

But the canvass of votes indicated that Couzens is facing an impossible task because thirty administration Senators are determined to

stick by the seniority rule and the action of their party caucus in nominating Cummins.

All parties now express the belief that there can be but one result—the election of a Democrat, Senator Ellison D. Smith of South Carolina.

WOOLWINE WINS

PARIS, Dec. 18.—"I think I have won the fight," Thomas Lee Woolwine, former Los Angeles district attorney, said today, concerning his critical illness with hemorrhoids of the liver which necessitated a blood transfusion. Woolwine was improved and stronger today.

ONE TEXAN ON CAMP'S ALL AMERICAN ELEVEN

NEW YORK, Dec. 18.—Seven Eastern players, three from the Middle West and one from the South, have been named for positions on Walter Camp's All-American team, selected for Colliers. The Pacific coast was not represented on the first two teams.

Camp selected on his first team, Bomar, of Vanderbilt and Hazel of Rutgers, ends; Milstead of Yale and Sundstrom, tackles; Hubbard, Harvard and Boden, Penn. State, guards; Blott, Michigan, center; Pfann, Cornell, quarterback; Grange, Illinois and Martineau, Minnesota, halfbacks, and Mallory, Yale, captain and fullback.

Hampton Steele, President of the Native Sons of Texas, of Thornton, is here on business in connection with the organization for a few days.
